

**Expert Orthopedic and Adult Reconstructive Surgeon Mark A. Newman, MD, to be Recognized as a 2016 Top Doctor in Newport Beach, California**

Mark A. Newman, MD, orthopedic and adult reconstructive surgeon affiliated with Hoag Memorial Hospital in Newport Beach and Hoag Orthopedic Institute in Irvine, has been named a 2016 Top Doctor in Newport Beach, California. Top Doctor Awards is dedicated to selecting and honoring those healthcare practitioners who have demonstrated clinical excellence while delivering the highest standards of patient care.

Dr. Mark A. Newman is a very experienced surgeon, and has been practicing for more than three decades. His career in medicine began in 1984, when he graduated from Chicago Medical School at Rosalind Franklin University. An internship was then taken at the University of California's Davis Medical Center, which was also the site of a residency. A fellowship in Adult Reconstructive Surgery was also taken at Sacramento's Sutter General Hospital.

Board certified in Orthopedic Surgery, Dr. Newman treats a wide range of conditions including sports injuries, fractures and dislocations, arthritis, back pain, gout, and gait abnormality. He is renowned across California and beyond, however, as an expert in joint preservation and reconstructive orthopedic surgery including hip, knee and shoulder reconstruction, repair and replacement.

Even with his wealth of experience, Dr. Newman makes sure that he keeps up to date with the latest developments in the world of orthopedic surgery. He does this through his membership of professional organizations such as the California Orthopaedic Association and the American Academy of Orthopedic Surgeons. This dedication and commitment makes Dr. Mark A. Newman a very worthy winner of a 2016 Top Doctor Award.

About Top Doctor Awards

Top Doctor Awards specializes in recognizing and commemorating the achievements of today's most influential and respected doctors in medicine. Our selection process considers education, research contributions, patient reviews, and other quality measures to identify top doctors
